Mayor's Message

Jeffrey N. Wennberg, Mayor

To the Honorable Board of Aldermen
and the Citizens of Rutland:

Fiscal year 1990 was an exciting year for the City of Rutland, but the recession of 1990 took root in the third quarter and has fully arrived at this writing several months into fiscal 1991.

First, the good news. The Rutland Redevelopment Authority (RRA), which was authorized by the voters in March of 1989, came into being in July of 1989. The nine member board immediately began developing their mission and program for the first year, including selection of a full-time executive director and establishment of a program to implement the *On The Right Track* downtown master plan. The Board of Aldermen capitalized the RRA's efforts with a combination of transfers and pledges totalling over one million dollars.

One of the first projects for the RRA was the creation of a Special Benefits District for downtown. The district will provide new and needed services to its businesses and properties. Professional downtown management, district-wide promotions, common advertising, amenities and enhanced security are just some of the advantages offered by the district. Funding for these new services will come through a surcharge on the property taxes of district properties.

This approach has been used in over 4,000 communities nationwide. It has an advantage over all previous efforts because payment of the fee is not voluntary — it is a tax, and therefore mandatory that ALL property owners and businesses participate. No longer will the burden of downtown improvement fall entirely on those who voluntarily pitch in and no longer will the homeowner be expected to pick up the cost for new services which benefit only the downtown district.

Significant progress was also made in the area of city operations. We have redefined the mission of the Department of Public Works and as a result are delivering more service at less cost than before. By the end of the 1990 construction season, the department will have installed more lineal feet of sidewalk and curb, repaired more catch basins, installed more water and

sewer mains and performed more in the way of general public works than has been done in decades.

The Police Department welcomed its new Chief during fiscal 1990. Chief Robert Holmes (no relation to Arthur Conan Doyle's "Holmes"), took over this historically troubled department after many years of turmoil. Much progress had been made under the able interim leadership of Deputy Chief Bossi, but the challenge before Chief Holmes was indeed formidable. At this writing Bob Holmes has been on the job for about a year, and has proven to be an able leader, first-rate administrator and a terrific police officer.

Special recognition must be made of the Board of Aldermen for their support of these administrative changes; of the Police Commission for their firm, compassionate and professional oversight, and especially of the officers and civilian employees of the department for their dedication, patience and hard work.

Although our efforts at self-help in the downtown appear to be making excellent progress, the larger plans for downtown renewal involving the Finard-Zamias Shopping Mall, the downtown plaza and the possibility of a new corporate headquarters for Central Vermont Public Service Corporation appear to be stalled. Federal involvement in the wetlands permit at the mall site is delaying authorization for the mall. All parties to the downtown project remain committed to seeing the program through, but the recession is clearly dampening hopes for a speedy turn-around.

This administration remains committed to the revitalization of our central business district. The recent loss of several landmark businesses is testament to the need for this program, with or without a mall. The economy is bad, but it will improve. The actions we take now will determine how the forthcoming recovery will find us. Will we be on our feet and ready to run, or will we be on our backs, begging for mercy? The choice is ours. We must remain committed to

the long-term future of our community, and not withdraw from the challenge before us.

The test will be difficult, but the rewards are great. I have no doubt that the Board of Aldermen, Department Heads, City Employees and people of Rutland will continue to lend their time, talent, energy and support so that we may together building a brighter future for our community.

Report of the President of the Board of Aldermen

John P. Cassarino, President

To the Citizens of the City of Rutland:

During Fiscal Year 1990, the Rutland City Board of Aldermen, concentrated its efforts more diligently upon infrastructure and housekeeping matters than in past years.

A portion of the generous gift received from the Alpine Pipeline Corporation was dedicated as a Capital Project Fund. Expenditures from this fund are to be made strictly pursuant to Federal Revenue Sharing Guidelines. Which means the funds cannot be used for normal operating expenses; but must be for non-recurring capital expenses. Sidewalk improvement projects and a new entrance for City Hall are examples of the use of these funds.

Transportation needs were also given much attention. The Board of Aldermen strongly urged the Vermont Agency of Transportation to provide funding for preliminary engineering studies for improvements to U.S. Routes 4 and 7 and a Rutland Bypass.

The long-awaited State Street Project is now underway and will provide improved access for the northwest area of the City as well as public safety improvements. One component of this project was the purchase and demolition of a building to provide improved parking opportunities on State Street. The Ripley Road Bridge Project and a Strongs Avenue Culvert Project will also improve the City's transportation system.

An agreement to exchange property with the Proctor Bank has resulted in the creation of a new parking lot on the corner of West and Cottage Streets.

The Board of Aldermen approved an Ordinance on Truck Weight and Routes which enabled the Board of Highway Commissioners to establish Truck Route Regulations to keep large through trucks off of residential streets to protect the public and to reduce the wear and tear which is causing problems with street surfaces and water and sewer lines.

Another long-awaited project, the water line to Campbell Road, is now a reality. The City is also looking ahead to meeting federal requirements for treatment of water. This matter will be more fully addressed in the current fiscal year.

Solid Waste remains a primary issue for all municipalities. The City has discontinued its operation of the transfer station at the City Land-fill property. The Rutland County Solid Waste District now operates a transfer station at that location.

Several ordinances regulating solid waste were adopted during the year. A pilot recycling project was started by the Rutland County Solid Waste District in conjunction with the Charter & Ordinance Committee of the Board of Aldermen. This project is being conducted in two neighboring areas of the City in preparation for future City-wide recycling.

Early in FY 1990, a request was received asking for the support of the Board of Aldermen for a proposal to use the former Vicon Resource Recovery Plant for the incineration of medical waste. The Board adopted and firmly supported a position of opposition to the incineration of medical waste in the City of Rutland.

A new committee of the Board was established to deal with solid waste and energy issues. The Alternate Waste and Energy Committee has been very active and has led to City participation in SWAP, Solid Waste Alternative Partnership. SWAP was created by a consortium of four municipalities: Rutland City, Pittsford, Proctor and West Rutland, in an attempt to solve the solid waste problems common to all municipalities. One objective of SWAP was to reactivate the former Vicon Plant to assist in addressing municipal solid waste problems. The plant now has a new owner and area municipalities are eagerly awaiting announcement of plans for solid waste disposal. As the fiscal year drew to a close, SWAP was formulating plans to expand its area of concern to include support of a natural gas pipeline to serve the Rutland area. The Aldermanic Alternate Waste and Energy Committee remains an active participant in SWAP initiatives.

Early in the year, the Board of Aldermen confirmed the Mayor's appointments to the new Rutland Redevelopment Authority and designated the entire City as a redevelopment area.

The Board continued its support of the Finard/Zamias Mall Development and participated in an historic joint meeting with the Rutland Town Board of Selectmen at which a joint resolution of support was signed.

Asbestos removal projects took place at the Library, City Garage and Recreation Center.

The Board of Aldermen has approved renovations of the existing Police Department facility as well as reorganization of the department as proposed by the Department and the Police Commission. The Board continues to support the efforts of the Police Commission to improve the facilities and public safety services of the Police Department.

The Public Safety Committee of the Board, in conjunction with City and State officials, investigated and resolved problems at two trucking terminals which involved storage of hazardous materials, and complaints of dust, fumes and noise.

The Board has adopted new salary grades for some City Officials and Department Heads to bring them into conformance with the salary schedule for City employees.

The Charter & Ordinance Committee continues its work on recodification of all City codes in addition to considering, drafting and proposing new ordinances for adoption. It appears that extensive Charter Amendments will be proposed at the next Annual City Election for consideration by the voters.

A new ordinance was adopted establishing a Traffic Committee to review citizens complaints regarding traffic matters; and a Development Review Committee to review all applications for subdivisions, substantial building permits, and

commercial developments and make recommendations to appropriate boards and officials. These committees were instituted originally by Mayor Wennberg and during FY 1990 received the official sanction of the Board of Aldermen.

Some very hard and unpopular decisions had to be made during the process of adopting the City budget for Fiscal Year 1991, due to the increased costs and limited revenues. Several City departments were affected by loss of employee positions in an attempt to keep the tax rate below the Charter limits. The Board of Aldermen made only minor changes to the bare-bones budget submitted by Mayor Wennberg, recognizing the efforts of the Mayor and City Department Heads to keep the budget down while still providing essential services of municipal government.

The present membership of the Board of Aldermen has been unchanged for two years now and all members and committees work very well together. However, anyone who views the telecasts of the Board meetings will be aware that each member is an individual with individual opinions on matters that affect the City of Rutland. It is rare that a major issue receives unanimous approval of the Board unless it has been given extensive review and investigation by one or more committees of the Board.

I would like to thank all members of the Board of Aldermen for their continued support. And, on behalf of the Board of Aldermen, I would like to thank the Mayor and all City officials and employees for their efforts to serve the people of the City of Rutland to the best of their judgment and ability. I would especially like to thank City Clerk Rosemary Finley for her assistance as Clerk of the Board of Aldermen.

RUTLAND CITY BOARD OF ALDERMEN

Standing: Aldermen Quincy Baker, Arthur Crowley, Robert Stafford, Patricia Donnelly, Nicholas Barone, City Clerk Rosemary Finley, Aldermen Sigismund Wysolmerski, Charles Franzoni.

Seated: Alderman Henry Brislin, President John Cassarino, Alderman David Sagi.

Absent when picture was taken: Alderman Paul Clifford.

Board of Aldermen

Regular meetings of the Board of Aldermen are held on the first and third Mondays of each month at 7:30 p.m. in City Council Chambers.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R. J. Graves, City Treasurer

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Tax Payers of the City of Rutland. Myself and staff are pleased to submit to you the annual report for the year ending June 30, 1990.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the Tax Payers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the Tax Payers' dollars. This office publishes a comprehensive financial report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations had a Fund Balance or surplus of \$53,751.39. This fund balance is directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 1990. It paid out \$370,000.00 in principal and \$312,195.00 in interest. The City's total Bonded Indebtedness as of June 30, 1990 is \$3,415,000.00. Interest on that debt totals \$1,681,951.25.

The City also maintains Water, Sewage Disposal and Parking Meter Funds in addition to a number of Trust and Agency Funds.

Treasurer's Office:

*Ronald Graves, M. Margaret Grace, Asst. Treasurer,
Carol Bryant, Micheline Kelley, Catherine Cioffi*

The Financial Report will be audited by an independent certified public accounting firm, A.M. Peisch and Co., Inc. The audit was designed to meet the requirements of the City, State and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department which is made up of the Treasurer's office and Data Processing Department.

Report of the City Assessor

John J. Collins, City Assessor

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for fiscal year ending June 30, 1990.

During this past year the Board of Civil Authority completed its hearings from the 1988 reappraisal; the State Board of Appraisers also heard and determined all of the appeals made to them.

The Grand List at April 1, 1990 stood at \$694 million dollars, an increase of \$14 million over 1989. This growth is slightly less than normal reflecting a slowdown in residential and commercial real estate activity this past year when compared to recent years; total business personal property and inventory values remained relatively unchanged despite the additional 20%

exemption for inventory values effective this year according to the schedule approved by the voters in 1988.

This past summer the Rutland Herald printed the 1990 Grand List arranged alphabetically by street and distributed it at no additional cost to its city subscribers. To the Herald's credit this service was provided at no cost to city taxpayers.

I would like to take this opportunity to thank the taxpayers for their patience and understanding during the reappraisal process, the offices of the Treasurer, City Clerk, Building Inspector, City Attorney, and Data Processing for their cooperation and assistance, and finally to those members of the Board of Civil Authority who worked so diligently and capably this past year.

Report of the Building Inspector/ Zoning Administrator

John J. Kollmer, CBI, Building
Inspector/Zoning Administrator

To the Honorable Board of Aldermen
and Citizens of the City of Rutland:

I am pleased to submit to you, the annual report of the activities of the Building Inspector/Zoning Administrator's office for the fiscal year ending June 30, 1990. Our office is now required to enforce NFPA Life Safety Code 101 along with the BOCA Building Code and National Electrical code. This has increased the work load in our department but has improved the quality of the rental units, and single family housing units in the City of Rutland. I am also pleased to announce that my assistant, Pamela Petrie, completed a course and has been accepted by the American Society of Building and Construction Inspectors as a Certified Building Inspector.

In addition to the routine tasks performed with the building permit process, and assisting tenants and landlords with code violations, our office issued 938 Certificates of Occupancy, issued 42 sign permits, and held 22 public hearings for zoning matters. The following building permits were issued within the City of Rutland:

Pamela Petrie, John Kollmer, Laurie Wentworth

July 1989 - June 30, 1990

43 New Single Family Homes	2,882,769.00
3 Multi-Family Dwellings (5 or more units)	225,000.00
17 New Non-residential buildings	2,352,289.00
89 Residential additions/renovations	1,015,590.00
49 Commercial additions/renovations	1,360,948.00
20 Residential garages	143,490.00
221	7,980,086.00

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, along with all the department heads and their departments for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support, and assistance in detecting violations that would otherwise go unnoticed.

Report of the Zoning Board of Adjustment

Stephanie Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Zoning Board of Adjustment has again completed another year of fulfilling its duties and responsibilities in upholding the City Ordinances set before us. It is with pleasure that I hereby submit the annual report of the Zoning Board of Adjustment. The members for fiscal year 1989-1990 included Secretary George Clewes, Vice Chairperson Ann Wilson, Thomas Shortle, Clifford Griffin, Rick Gorruso, and Dr. J. Macolm McDonald.

During the course of the year we held 21 public hearings for variance requests, with 11 of those being denied, 9 approved, and one rescheduled.

Our obligations include determining whether or not the statutory five criteria were satisfied following a request for a variance. Public hearings are warned to give advance notice to the public to participate in the hearing. In addition to holding public hearings, we investigate and make determinations on discrepancies of the Zoning Ordinances that come through the Zoning Administrators office, and interpret the Zoning Ordinances as written.

In closing, I would like to thank the residents of the City of Rutland for their active participation in the public hearing process, the Zoning Administrator and the Mayor for their continued support of our efforts.

Report of the Office of Community Development

Thomas L. Donahue, Director

To the Citizens of Rutland:

Again this year the City of Rutland has made significant strides forward. We have accomplished much to bring this about. I am pleased to be in the position of Community Development Director at such an exciting time. The implementation of our Downtown Revitalization Plan has begun with the incorporation of the Rutland Partnership. Rutland will now have an organized management team to advocate for downtown needs and to offer promotions and perform improvements etc. in the Special Benefit District. A great step forward and long overdue. The Rutland Redevelopment Authority has retained an Executive Director and is now gearing up to aid business in our community, initially focusing it's attention on downtown.

A downtown parking study is underway in the SBD with its' focus on an action plan with specific recommendations for improvements. I chair the enthusiastic committee of downtown business people who have worked diligently over the past year to outline a scope of services, choose a consultant and oversee the work as a steering committee. This Downtown Parking Study Committee is also charged with seeing the recommendations through to implementation so this study sees concrete results. I am personally pleased to see the progress made with the development of the Howe Center. Over the past year a new life has been breathed into that formerly rundown industrial complex. The Howe Center is rapidly becoming a thriving vibrant center of employment for Rutland again. Additionally the Rutland Airport Industrial Park developed by RIDIC is beginning to find tenants and generate tax revenue and employment for the City, due to our investment in the park.

The Rutland City Planning Commission has completed a comprehensive Master Plan for the city which should set the stage for the future direction of our community. The commission members sacrificed an enormous amount of their time to produce a document which encompasses the sentiment of the people regarding their neighborhoods and the City. At the same time, the plan sends a positive message to business that Rutland is interested in the expansion of it's tax base.

As reported last year, the Region had come together in requesting funding for the transportation needs of Rutland County. I am pleased to report that effort was a success. Over the objections of the State Agency of Transportation, the Legislature saw fit to include funding for an Environmental Impact Study for the proposed bypass, preliminary engineering for improvements to Routes 4 and 7 in the City and a much needed circulation and signalization study and hardware for downtown Rutland and Main Street. I am also pleased to report the City of Rutland received two more grants this past year. The largest came from the State Agency of Development and Community Affairs. A grant of \$127,500 was awarded to our community as lead for a five town consortium which will assist low and moderate income families rehabilitate their homes through low interest loans via the excellent Rutland West Neighborhood Housing Service. Specifically, the southwest neighborhood in the City has been targeted for this assistance. The City was also awarded a \$10,000 Act 200 Special Planning Grant to help underwrite the cost of the downtown parking study and to develop an Open Space Plan that will inventory our remaining open space and identify and recommend it's highest and best use.

Again this year we completed another successful student exchange between Rutland and Ishidoriya, Japan—our Sister City—and an official visit from a delegation including the Vice Mayor, Council President, Council members and other Ishidoriya officials. Each year, more and more people in our community get involved in the visits and take advantage of the chance to interact with our guests from the orient. It is a wonderful opportunity and learning experience for Rutland adults and youth alike. Also, this year we will all have had the opportunity to take part in the inaugural First Night Rutland New Years Eve celebration. This entertaining event offers us an alternative to the typical New Years Eve festivities and guarantees a more enjoyable time. Planning has also begun on a three part State Bicentennial celebration to be held in Rutland City during 1991.

The accomplishments of the Office of Community Development last year could not have been achieved without the support and cooperation of the many boards and organizations listed above, especially Mayor Wennberg, the Board of Aldermen, John Cassarino President, Patricia Donnelly, Chairman of the

Community Development Committee and the Planning Commission, Marianne Coombs Chairman. In this capacity it has truly been a pleasure to have served the City on many of these boards and others and to act as a channel for development of this community.

Report of the City Attorney

Frank H. Zetelski, City Attorney

To the Honorable City Council and the Citizens of the City of Rutland:

I hereby submit the Annual Report of the City Attorney for the fiscal year July 1, 1989 through June 30, 1990.

The City Attorney's office has once again been extremely busy dealing with the litigation in which the City has been involved. Considerable time is also devoted to the advice rendered to various City officials and citizens of the City. We have also drafted a number of Ordinances and Ordinance changes during the year for consideration by the Board of Aldermen.

I am pleased to report that during this fiscal year the City has not sustained legal decisions against it which have significantly impacted the budget or been unpredictable. It is however essential that the City continue to manage its affairs in such a way as to minimize legal exposure and liability. Several major lawsuits which have been amply reported by the press were disposed of during this year. The major

litigation which remains has been progressing well and we expect to continue the favorable record which the City has had for which much credit must be given to the outside counseling employed in specialized situations.

During the coming year we expect to be occupied with continued Ordinance and Charter revisions designed to make the City's operation more efficient both from an economic point of view and to best serve our residents.

A change in the organization of this office took place at the end of the fiscal year which converted the City Attorney's position to full time. it is expected that the change will be of significant benefit to the City.

I would like to thank department heads, board members of all boards, citizens and fellow lawyers for the assistance and courtesy extended to this office during the past year and I hope I can return that courtesy during the coming year and thereafter.

Office of the City Clerk

Rosemary F. Finley, C.M.C., City Clerk

To the Citizens of the City of Rutland:

The following is the Annual Report for the Office of the City Clerk for the year ending June 30, 1990.

LAND RECORDS

7,670 pages of land records were recorded and microfilmed. During FY 1990, the City Clerk's office adopted new procedures for recording land records, which have resulted in more accurate and expeditious processing of documents. This accomplishment required much extra effort and time by the members of the Clerk's staff and has been much appreciated by those who make frequent use of our records.

LICENSES

Licenses issued for the current license year:

First Class Beverage Licenses	56
Second Class Beverage Licenses	45
Business Licenses	230
Dog Licenses	1,232

VITAL RECORDS

Births

Resident Births	295
Non-resident Births	611
Total Births	906

Deaths

Resident Deaths	214
Non-resident Deaths	272
Total Deaths	486

Marriages	240
-----------	-----

ELECTIONS

Two Rutland City elections were conducted during the year: a Special School Bond Election in November 1989 and the Annual City Election

in March of 1990. The City Clerk's Office and City Ward Officials also assisted in the conduction of a Special Rutland County Solid Waste District Election in December 1989.

OFFICE STAFF CHANGES

In May of 1990, Mary Rita Wallett, Deputy City Clerk, retired after 41 years of service. During her years of employment, Mary Rita served during the administrations of nine different Mayors and served as Assistant or Deputy Clerk for three City Clerks. Her knowledge of recording procedures was extensive and extremely helpful to the City Clerk's office. Her personal knowledge and memory of events in Rutland City provided a valuable source of reference for City employees and the general public. Her capabilities will be missed by her fellow clerks and the members of the public who rely upon the records of the City Clerk's Office.

Due to severe budget restraints, the City Clerk's Office lost one Assistant Clerk's position during the budget process. This has imposed an extremely heavy workload on the rest of the staff. This additional burden is being relieved somewhat by adoption of new recording procedures and computerization of existing procedures.

I would like to thank the Board of Aldermen, Mayor Wennberg, and all City Officials and employees for their continued support.

Report of the Purchasing Agent

Rosemary F. Finley, Purchasing Agent

Susan O. Eckhardt, Assistant Purchasing Agent

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Fiscal year 1990 has been very busy striving to reach the purchasing goal of buying the highest quality products, having them delivered when and where they are needed, at the lowest price. Purchasing's function is to assist departments in spending their budgeted money in the most efficient manner. Increasing vendor participation and competition, and centralizing the bidding process, has created better buying opportunities.

This year, the Purchasing Office approved 3314 Purchase Orders. Of those, 36% were Department of Public Works, 24% were Recreation Department, 16% were Fire Department, 10% were Police Department, and the remaining 14% were all other departments. The department also issued Invitations to Bid for 71 different items ranging from Pool Cleaners to Police Vehicles.

Through the joint efforts of the Board of Aldermen and the School Department, the opportunity for cooperative purchasing of similar items is being discussed. The benefits to both are obvious considering the large volume already purchased by the School Department, and when combined with that of the City, it would give us even greater leverage.

The possibility of connecting the City Purchasing Department to the School's main frame computer to allow access to its purchasing and financial software is also a possibility. This would make several of the manual tasks faster and more efficient.

To encourage environmental responsibility, the City buys recycled copier paper, letterhead, and envelopes, as well as some note pads. Our recycled paper suppliers are encouraging buyers to use unbleached paper products because of the harm the bleach does to the environment. Purchasing is trying to create a demand for such products. Meanwhile, we are still promoting our white paper recycling program, with some success.

Through networking, a portion of the recycling information distributed to us is from the State of Vermont Purchasing Office, which is very active in recycling. Networking and other benefits, such as training programs, and availability of literature and software, is also provided through the National Association of Purchasing Managers and the Purchasing Managers Association of Vermont. Assistant P.A. Eckhardt is a member of both organizations and is the current Co-director of Public Relations and Director at Large.

We would like to thank Mayor Wennberg and the Board of Aldermen for their continued interest and support of more progressive financial management. We would also like to thank the department heads and personnel for their constant cooperation, assistance, and input. We would especially like to thank Cheryl Turco of the Rutland Public School Board and Bob Fingon, the Rutland Public School Business Manager, for their interest and research in the cooperative purchasing effort.

Constable and Tax Collector Report

Vernon Richards, Constable and Tax Collector

To the Honorable Board of Aldermen and the City of Rutland:

As City Constable and Tax Collector of the City of Rutland, I am pleased to submit for your consideration the financial report of this office for the period July 1, 1989 to June 30, 1990.

Real Estate and personal property taxes collected during the period amounted to \$783,893.21.

General bills include water and sewer installations done by the City, sidewalk and curb improvements, tree removals and other expenses totaled \$8,744.60.

Water and sewer assessments amounted to \$133,182.04.

The cumulative total for all monies collected by this office for this period was \$925,819.85.

May I take this opportunity to thank sincerely the Honorable Mayor, City Attorney, other City officials and employees for their cooperative efforts during the past year.

Emergency Management Report

Aldo M. Manfredi, Director, Emergency Management

To the Honorable City Council and Citizens of Rutland:

I respectfully submit the annual report for the Emergency Management Department for the Fiscal Year ending June 30, 1990.

The Department was activated during the year for various emergencies. Several storms caused the activation of the organization, most notably was the threat of Hurricane "Hugo," one of the most serious natural disasters. All departments were placed on alert and, fortunately, the city was spared from the full force of this storm as it veered from its course and continued through western New York into Canada. As a result of this storm, an effort was mounted to raise funds for the victims in South Carolina. With assistance of students from the College of St. Joseph, and a handful of volunteers, we raised \$3,940.00, which was forwarded to a church in Macedonia, South Carolina. A letter of thanks was received from them saying that the money given them was used to buy building materials.

I responded to all General Alarm fires to render assistance, and to a diesel oil spill in Mendon on Route 4 near the water shed, also at a fuel oil spill on Pine St., where several thousand gallons of oil spilled onto the street when a delivery truck driver was filling the storage tanks at this location.

During the year two test exercises were held to test the Fire, Police, Regional Ambulance and the Rutland Regional Medical Center disaster plans. Both exercises were considered successes.

This year a "Fax" machine was purchased by this office for use by all city departments.

Funding for this was, in part, from the Federal Emergency Management Agency.

The State Emergency Management Staff again assisted this department by conducting seminars and courses throughout the year for city employees and volunteers. These courses covered various topics related to Emergency Management.

The School Crossing Guard Program went well this past year and the Guards are to be commended on the fine job they did. It is still difficult to find people to do this most important job.

The City Safety Committee, which I chair, is still trying to cut down on job related injuries with some success. Injury reports are still being reviewed and, for the past year, the rate was down slightly from the previous year.

The Fuel Fund is still administered by me and with the contributions from the Rutland Church Council, many needy families were assisted in obtaining fuel this past heating season.

As the representative of the Regional Ambulance Service, it is my pleasure to state that the service is in good operating condition, as you will note in their report elsewhere in this annual report.

In closing I wish to thank Mayor Wennberg, the Honorable Board of Aldermen, City Officials and employees, Emergency Management staff and volunteers, and the State staff for the assistance rendered by them to me this past fiscal year.

Fire Department

Gerald T. Lloyd, Chief Engineer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

It is with great pleasure that I submit herewith the Annual Report of the Rutland City Fire Department for the July 1, 1989 to June 30, 1990 fiscal year.

During the past year, this department has continued its efforts to upgrade and improve the fire prevention and fire education programs and improve our firefighting capabilities. Ongoing personnel training programs were instituted to insure that this department is trained to handle all types of fire and emergency calls.

The General Electric Company hosted a 3 day training seminar which provided specialized training of flammable liquids and industrial fires. This training was conducted at the Windcrest plant and 22 members of this department successfully completed this training exercise.

This department wishes to thank the American Legion Post 31 of Rutland for its generous contribution in the amount of \$1,000. This contribution is made annually in memory of the late Chief Alfred H. Koltonski and will be used again this year to upgrade and improve our inhouse computer system.

During the past year, this department

responded to 786 fire calls, 1580 rescue calls and 201 citizen assistance calls. The department successfully handled 57 hazardous material incidents. We responded to 3 general alarms, the most serious of which occurred at the Tomasi residence on North St. Ext. on December 26, 1989. The fire which originated in the kitchen area of this dwelling spread rapidly throughout the home trapping the female occupant in the upper bedroom area of the second floor. A quick response by the members of this department who were able to locate her despite heavy flames and dense smoke resulted in the woman's rescue from the dwelling and she has now made a complete recovery from her injuries.

For the first time in 27 years, the International Fire Chiefs Association, New England Division, has selected the State of Vermont for its annual spring conference. This meeting will take place on April 18, 19, 20, 21, 1991, and it will be hosted at the Killington Ski Area.

I wish to thank the members of this department, Mayor Jeffrey Wennberg, Members of the City Council and department heads for their cooperation and assistance during the past year.

Grand Juror / Assistant City Attorney

Christopher P. Sullivan, City Grand Juror / Assistant City Attorney

To the Board of Alderman and Citizens of the City of Rutland:

The fiscal year ending June 30, 1990 has seen yet another change with the City Attorney becoming full time. This will allow this office of City Grand Juror/Assistant City Attorney to step up enforcement of efforts of local ordinance violations, particularly zoning, disturbance of the peace, truck traffic parking fines, health and safety issues, building code violations, trash/recycling among others.

The City Grand Juror has collected \$71,982.00 in parking fines this past fiscal year. The Police Department and this office have increased enforcement efforts regarding the vandalism occurring in the City, including open container of alcohol, disturbing the peace, public nuisance violations, etc. Due to the increased enforcement efforts, collection of criminal fines increased over last year from \$27,001.00 to \$31,667.00.

In addition to the duties as Grand Juror, this office as Assistant City Attorney has continued to advise and counsel the Board of Aldermen, Board of Civil Authority, Planning Commission, Board of Liquor Control Commissioners and the committees thereof as well as many administrative committees. This office along with Frank Zetelski, the City Attorney, split duties regard-

ing the Zoning Board of Adjustment and variance appeals. Beginning this fiscal year the Grand Juror will be stepping up enforcement efforts of zoning violators.

Further, this office continues with its efforts regarding the recodification of the local ordinance and charter. This process involves the revision of the ordinances and charter for better control of local issues. This recodification will update and correct any inconsistencies within the ordinances and some charter provisions.

Finally, I would like to take this opportunity to thank Doris Keller, our legal secretary/assistant for her patience and assistance. Ms. Keller continues to work for both the City Attorney, now full time, and Assistant City Attorney/City Grand Juror, and has been the right arm of this office.

Again, I have enjoyed yet another year and look forward to this coming year and its challenges.

Further thanks are due to each member of the Board of Aldermen, Mayor Wennberg, all City Department heads and the City Clerk's and Treasurer's offices for their support and assistance.

Health Officer

James A. Gray, M.D., Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Due to personnel restructuring, Dr. James Gray has relinquished his post as City Health Officer. Therefore, as Deputy Health Officer for the City of Rutland, I respectfully submit the annual report for health officer for the fiscal year ending June 30, 1990.

During the past year the Health Officer has maintained supervision of local control for communicable diseases. In cooperation with the water treatment manager, he exercised close scrutiny over public water testing. Improvement to our water has included the addition of zinc orthophosphate, which coats the inner surface of all water pipes, lessening the likelihood of bacterial contamination. This has allowed the use of lesser amounts of chlorine, which has improved the taste, clarity, and odor of our water, while at the same time insuring its safety.

There has been an increase in the number of public health nuisance allegations this past year, which required investigation. When necessary,

appropriate citations were issued to those violating the City Ordinances. The vast majority of these complaints concern the disposition of garbage. This has become an ever increasing problem, which has intensified secondary to the closing of the Rutland City Landfill, the ever increasing cost of garbage disposal and the apathy of many to recycle.

The Board of Health consists of Alexander Herzen, M.D., Gordon Smith, M.D., Robert Beauchamp, R.Ph., James Gray, M.D., and myself. This Board advises and assists the Health Officer in finding solutions when needed to all present or potential health problems.

The Board would like to thank Mayor Wennberg, the Board of Aldermen, all City Department Heads and personnel, along with the City residents for their continued support.

Respectfully submitted,
Pamela J. Petrie
Deputy Health Officer

Milk Inspector

James A. Gray, M.D.,
Milk Inspector

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Due to personnel restructuring, Dr. James Gray has relinquished his post as City Milk Inspector. Therefore, as Deputy Health Officer for the City of Rutland, I respectfully submit the annual report for milk inspector for the fiscal year ending June 30, 1990.

The milk inspector is responsible for the issuance of the annual milk licenses to all businesses in the City of Rutland which process or sell milk or milk products, with this license being required on an annual basis. As much of our milk comes from outside city limits, we have been fortunate to obtain the necessary testing reports on these milk products determining that they meet all state requirements.

128 annual milk licenses were issued and 26 milk licenses issued at the Rutland Fair, with no problems being detected.

Respectfully submitted,
Pamela J. Petrie
Deputy Milk Inspector

Planning Commission

Marianne R. Coombs, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Since last report, the Planning Commission has continued to work on the development of a new Municipal plan. Although Act 200, Vermont's new growth management and planning law, was revised by the 1990 legislature, those changes had little effect on our work in developing the City's plan. The Commission identified the major issues and goals for planning in the next five years: Economic Development, Transportation, Housing, Coordination of Capital Improvements, Solid Waste Management, Environmental Quality, Educational Services and Cultural Resources.

Of these, the Land Use and Transportation elements of the plan required the most attention. Rutland's municipal land use plan has not been significantly updated for many years, and the City, at this writing, is still operating under zoning laws which have not been changed since 1948.

Land use designation affecting the future tax base and economic development within the City presented major challenges.

The Planning Commission wishes to stress its recognition that the Downtown Business District

is essential to the economic health and vitality of the City. Efforts by the Downtown Partnership and the Redevelopment Authority must go forward and deserve the needed support from all citizens. Preservation, redevelopment and revitalization, particularly of the core downtown district, must be the major focus for economic development if Rutland is to move forward in the coming years as a viable city.

Of the many vital issues facing the City in the 1990's and beyond, transportation planning and management is most critical. At preliminary neighborhood planning assemblies early in 1989, participating citizens from all over the city identified traffic problems as a major concern. This not only involved the increase of vehicular traffic overflowing onto residential streets and neighborhoods, but the lack of sidewalks or sidewalks needing repair, and the safety of pedestrians, especially the elderly and children in trying to cross our major streets and intersections.

The problem has continued to escalate and will continue to escalate at an alarming rate in the coming years. Measures have been under

taken which promise partial solutions. The transportation element of the municipal plan addresses the issues. However, the City of Rutland and its citizens need to continually emphasize in the strongest possible way that dealing with traffic and its effects on the City is not just Rutland City's problem, but a problem of and for this region and the State of Vermont.

The proposed municipal plan was reviewed by the citizens at a second round of neighborhood assemblies, in early June. The Commission studied and acted upon that feedback over the summer months. Next, the plan was presented to representatives of the various City organizations concerned with planning, and after a public hearing by the Commission, will be passed on to the Board of Aldermen as the next step in the approval process.

During the course of working with the plan, the Commission reviewed and studied massive amounts of information about and from the City and its people. This included information about

where we had been, where we are now and where we should be trying to go in the future.

The Commission has also received nine major and minor subdivision applications and held public hearings. There have been three resignations, Don Taylor, Royal Barnard, and John Ruggiero. Thanks to Don, Royal and John for their work and welcome to Austin Burbank, Thomas Orr and Joseph Gallagher, the newly appointed commissioners.

The Planning Commission wishes to thank everyone who participated and worked with us this year and regrets that time and space do not allow individual mention. Special mention does need to go to the Public Works Department and City Engineer Warren Connor for all of his efforts in transportation/traffic planning. The Chair wishes to recognize and thank all of the Commission members who so faithfully and capably donated so much of their time to the year's activities.

Police Department

Robert R. Holmes, Chief of Police

To the Honorable Board of Aldermen
and the Citizens of the City of Rutland:

I respectfully submit the Annual Report of the Rutland City Police Department for the fiscal year ending June 30, 1990. I was appointed to the position of Chief of Police on September 18, 1990.

I would like to take this opportunity to thank the Police Commission, Mayor Wennberg, and the Honorable Board of Aldermen for the confidence in me they have demonstrated through my appointment and for their warm welcome and support given me these past nine months.

I would also like to express my sincere appreciation to Deputy Chief Anthony Bossi who commanded the Department as Acting Chief from December 1, 1988 to September 18, 1990 and the entire staff and members of the Police Department for their cooperation and hard work during these months of change.

Department of Public Works

Robert J. Navin, Commissioner of Public Works

To the Honorable Board of Aldermen and the Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal year 1989-90.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. Among them are day to day maintenance of City streets, sewer collection mains and water distribution mains, the Wastewater Treatment Plant, the area comprising the City's Watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily basis and emergency situations on a 24-hour basis. Citizens are reminded to contact the Police Department for emergency situations when the Department's business office is closed.

A special note of thanks is extended to the Public Works employees, Mayor, Board of Aldermen and citizens of Rutland who have assisted the Department.

The Department of Public Works should and will continue to serve the citizens of the City of Rutland to the best of its ability.

ENGINEERING

Warren E. Conner, City Engineer
Alan Shelvey, Asst. City Engineer

The Engineering staff under the direction of City Engineer, Warren E. Conner, provides survey design, and other engineering services for all divisions of the Department and for other departments within the City government.

As part of these services, the Engineering Division compiles and constantly updates plans and records of the water distribution system, the water treatment system including records, and inspections of all sewer systems in the City's watershed, the sewer collection system, the sewage treatment plant, the City's street system and the City's sanitary landfill. The Division also reviews and oversees water and sewer designs and specifications for projects let out for bid, and for street utilities built by developers which are to be taken over by the City upon completion.

The Division also provides information to contractors and others concerning location of

City utilities, performs all traffic engineering for the City, prepares necessary easements and executes other duties of an engineering nature as required.

The Engineering staff consists of Warren Conner, Alan Shelvey, John Havens, and Scott Taggart.

CITY FOREST AND CITY ORNAMENTAL TREES

David Richards, City Forester

The City Forester is in charge of all forestry work including management of the City's ornamental trees and the 4,000 acres of the City forest in the Watershed.

The sale of all timber on the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustained yields of usable water. Timber sales include sawlogs, firewood and pulpwood. Sales are marked out so as to improve the timber stand which remains while providing income for the City. Trees over 6" in diameter at breast height which do not promise to develop into sawtimber quality stems are removed. Large straight trees are left to become more valuable and to provide genetically superior seedlings.

The Vo-Tech School's forestry program continues to use the Rutland City Forest to train students in logging techniques. They are currently working on a firewood sale on watershed land.

The dumping of trash on the watershed has become a major problem in recent years. In an effort to help control it we had eight (8) heavy duty metal gates installed to block off access from the Wheelerville Road on to logging truck roads. The next fiscal year three (3) more gates will be installed.

It is still necessary to pick up papers, bottles and other trash from along the Wheelerville Road. Ed Marchinkowski, the caretaker at the Reservoir, patrols the Wheelerville Road once or twice a week to pick up trash and keeps the road clean.

The next fiscal year a large (10' x 6') City watershed sign will be installed at the entrance to the Wheelerville Road and smaller signs will be put up along the road itself to inform people that the area is a watershed.

Under the City's ornamental tree program we have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead and dying trees, removal of dead limbs, installing metal cables or metal rods to prevent splitting, removing low hanging limbs for streets and sidewalk clearance, fertilizing trees and planting new trees.

We contracted with six (6) different tree services during the year to do the variety of tree work listed above.

Central Vermont Public Service Corp. helped pay for the tree removal if trees were a danger to their utility lines.

STREETS DIVISION

Henry Monaco, Supervisor
Paul Julius, Foreman

HOT MIX BITUMINOUS CONCRETE PAVING PROGRAM:

4,284.66 tons of hot mix was placed by our contractor, Pike Industries, at a cost of \$122,327.05.

Streets paved (or portions of) were: Cambell Road, Forest Street, Piedmont, Perkins Road, Jackson Ave., Mona Vista, Thrall Ave., Thomas Street, Jefferson Street, Engrem Ave., Clarkson Lane, Green Knolls Lane, Lincoln Ave., Killington Ave., and Dana Ave.

The Department installed approximately 619 feet of concrete sidewalks and 799 feet of concrete curbs.

SNOW AND ICE REMOVAL:

A total of 3,129 tons of salt and 1,603 tons of sand were purchased costing \$124,552.22.

WASTEWATER TREATMENT DIVISION

Lewis Hotaling, Chief Operator
Mike Garofano, Lab Director

The following is a report of the Wastewater Treatment Plant for fiscal year 1989-90.

During this year the Rutland City Wastewater Treatment Plant received, treated, and released 2,103,620,000 gallons of wastewater.

To operate the plant, and meet the conditions of our discharge permit, the following chemicals were used:

—Chlorine	47,850 lbs.
—Sulfur Dioxide	38,319 lbs.
—Polymer	3,635 gal.

A breakdown of materials removed from the wastewater stream is as follows:

Grit, Sand & Gravel	228.42 cu. yds.
Grease & Fats	28,000 gal.
Raw Sludge	6,423,401 gal.
Secondary Sludge	13,852,174 gal.

Rutland County septic haulers deposited 1,338,570 gallons of septage for treatment. The 20,275,575 gallons of sludge generated to the plant was treated and stabilized by the anaerobic digestion process and was reduced to a volume of 7,289,480 gallons. The stabilized sludge was then dewatered to a volume of 3,758 cubic yards. This end product was utilized as fertilizer on local farm fields to grow corn silage.

The River Street Pump Station's pump control system upgrade was completed. This project has resulted in a far more dependable and efficient operation of one of the largest sewage pumping stations in Vermont.

This past spring, three of our operating personnel, Mike Garofano, Ed Savage, and Art Nemeth, along with Jim Jutrus, an operator from Hawk Mountain Corporation, formed a team to compete in the 1990 Operators Challenge Competition. Our team competed in, and was victorious in both the Vermont and New England competitions - displaying their skill and knowledge in the wastewater industry. These events are sponsored by the respective operating associations. In October, the team will go to Washington, D.C., to compete in the National competition against 30 other teams from across the nation; I would like to offer them my congratulations, and wish them the best of luck in October!

The technology of the wastewater industry is changing and improving with expanding complexity. Several regional courses and training seminars (sponsored by the State of Vermont, and the Green Mountain Water Pollution Control Association) were held at our treatment plant this year with most of our operators participating. A continuing education program is a vital tool in keeping up with these changes

and we look forward to continuing our support and participation in these programs.

To everyone who contributed to another successful year of operation at the plant, I wish to extend my sincere appreciation for your support!

WASTEWATER COLLECTION BRANCH

James Ward, Chief
Pater Kelley, Foreman

The Wastewater Collection Branch has completed another productive year. The following work for the fiscal year of 1989-90 was done by the following employees:

Sewer Specialists:

Thomas Brown
Tyler Earle
Robert T. Tyler, Sr.
Steve Davine
Fred Wood

Backhoe Operator:

William Santwire

Cleaning sewer systems and maintaining and cleaning basins with Vactor. Plowed snow and sanded for the Street Department. New sewer services—32; new basins—24; repair sewer mains—18; repair sewer services—9; new manholes—7; repair to manholes—9; repair catch basins—19; sewer plugs private—66; sewer plugs main—33; Mains Installed 81' of 8"

P.V.C. pipe for 3 new basins for drainage for the new parking lot on the corner of West and Cottage Sts. Installed 170' of 8" P.V.C. pipe to replace the sanitary sewer main on Green Knolls Lane. Installed 180' of 8" P.V.C. pipe to replace sanitary sewer main at the corner of Church & Crescent Sts. Installed 220' of 8" P.V.C. pipe to replace sanitary sewer main on Franklin Street.

WATER DISTRIBUTION DIVISION

Bruce Matt, Manager
Robert Harvey, Foreman

Water Street Park—On Water Street

YOUTH ACTIVITIES FOR FALL & WINTER

Egg Drop Contest	All Ages
Children's Play Group	Parent/Child

Arts in Process — Live Tales

The Coyote Tale	Jan. 27
Creation of the Moon	Feb. 3
Too Much Noise	March 10

Hot Shot Basketball	Up to age 13
"3 on 3 Hoop Tourney"	Grades 5-8
Foul Shooting Contest	Grades 5-12
Tot Turkey Trot/Trike Race	Ages 3-8
Painting & Drawing	Grades 4-8
Gymnastics	Ages 5-10
Totnastic	Ages 3 to 5
Fall Soccer Program	Grades 1-4
Flag-Football	Grades 5/6 & 7/8
Volleyball	Grades 4-6
Swimming at VAC	Ages 5-12
After School Gym Time	Grades 5-6
Soccer	Grades 4-6
Flag-Football	Grades 7-8
Rock Climbing/Rappeling	Ages 10-15
Basketball	Grades 5-8
Ice Skating Lessons	Ages 6-17
Skating Pizza Party	Youths
Volleyball	Grades 9-12

SPECIAL EVENTS

Programs Run in Conjunction with the Rutland Free Library at the Lawrence Recreation Center for ages 4 and up.

Clown Show—Sept. 16

With Rick Davis, a former Ringling Bros. Clown

VSO Brass Trio—Oct. 7

Humor & instrumental demonstrations.

Native American Lore—Nov. 18

First Thanksgiving, clothing, customs & dance.

Starbird Puppet Theatre—Dec. 9
A touching, Russian Cinderella tale.

Origami Workshop—Oct. 14
Oriental Art of Paper Folding.

Along The Boomerang Coast—Jan. 13
Puppeteer & Storyteller.

High Jinx—Feb. 10
Aerial Motion Show w/Max & Elmo.

Thru the Opera Glass—Mar. 24
A theatrical delight.

Perry Allen Theatre—April 7
A collection of folktales.

Halloween Events

Our **"30th Halloween Parade"** was held on November 1, due to rain on Halloween. Included was "The O'lantern Contest," trophies for float, school and costume entries, ending with a party at the Loyal Order of Moose Club. Marcy McGurl, a senior at RHS was chosen "Pumpkin Princess" from area high schools. A party for grades K-3 was held at the Recreation Center featuring a "Haunted House," costume parade, prizes and refreshments.

Christmas Events

"Christmas Pageant"—Nov. 28. A narrated play "Little Drummer Boy" for students in grades K-6.

"Santa Workshop"—A six week craft workshop for students in Grade K-5 designed to make Christmas crafts.

"Ice Cream Social with Mr. & Mrs. Claus"—Dec. 16. Designed for ages 3-5. Ice Cream donated by Ben & Jerry's.

"Santa Phone Calls"—Dec. 13 & 14. A direct line to the "North Pole."

"Winter Wonder Week"—Ages 6-10. Skating, sliding, crafts, indoor-outdoor games during Christmas vacation.

"Christmas Concerts"—12/12 - *VSO Trio DiCarlo, Catamount Singers and Broadway Singers.*
12/14 - *Castleton State College Music Department.*

"The Grinch that stole Christmas"—Dec. 17. For grades 3-7. Help find the kidnapped "Rudolph" being held prisoner by the Grinch.

"Christmas Festival"—Dec. 17. For grades K-4. Meet Mr. & Mrs. Santa Claus, make your own Christmas stocking, ornament and

Christmas cards. The Hand in Hand Puppet Theatre presents **"The Santa that Couldn't HO,"** plus tree decorating and refreshments.

"Tree Trimming in Depot Park"—For all students in grades 1-6. Make your own ornaments and join the Mayor for the tree trimming & lighting.

SENIOR / ADULT PROGRAMS

The Rutland Recreation and Parks Department's Senior/Adult Center is an integral part of the City of Rutland Community. Located off Deer Street, the Center offers a wide selection of programs, services and activities for the older population.

The 1989/90 year proved to be a year with growing interest among residents in creative programs, educational and physical, as well as traditional programs.

The Rutland Senior/Adult Center serves as a meal site for the Area Office of Aging, Nutrition Program, and served an estimated 5,880 meals. Traditional Thanksgiving and Christmas Dinners are served in addition to the regular meals.

RECREATION PROGRAMS HELD AT THE
SENIOR/ADULT CENTER

Art Classes
Ceramics, Ceramic Workshops
Christmas Workshop (wreath making,
tree ornaments, cone wreath)
Crochet Class
Quilting
Dried Flower Arranging
Exercise/Fitness Classes
Senior Walkers
Tennis Clinic

Board of School Commissioners

Jean Coloutti, President, Board of School Commissioners
Edward O. Allen, Clerk

To the Citizens of Rutland City:

The Rutland City Public School System, through Administrative and Board initiatives and public support, will move into the 21st century as a role model of Commitment to public education in Vermont. Challenges are being met with a positive attitude towards offering the students of Rutland the best education we can afford.

The voters of Rutland City on November 7, 1989, voted to approve an \$8.7 million dollar bond to build a new high school that would be integrated with the Rutland Area Vocational School and to upgrade the facilities of the elementary schools and the high school on Library Avenue, which will become a middle school. This bond is the largest school bond passed in the State of Vermont. It shows a willingness of the voters of this City to meet the challenge of providing facilities for its students that will enable us to comply with Vermont Public Schools Approval standards.

Educational needs of our students continue, of course, to take first priority and, as a school district, we remain committed to Effective Schools and Project Team as well as developing restructuring initiatives that will take us into the future. At the secondary level we have placed the ninth grade with the high school and

developed a middle school for grades seven and eight. This has enabled us to teach in clusters at the Middle school which has been met with great success. The Stafford Technical Center, formerly the Rutland Area Vocational School, Vermont Technical College and the business community have developed a partnership to create a positive approach and image for vocational education in this region.

Budget constraints have forced difficult decisions upon the Board. A \$230,000 loss of revenue from state aid to education, coupled with a Charter limit of \$1.05, necessitated that the Board approve substantial reductions in force of staff for the second consecutive year, along with cuts to supplies and maintenance. The Rutland State Aid to Education Committee will continue to work towards effecting changes in the current method of distribution of state aid to Vermont communities.

A community's commitment to a strong educational system reflects on the quality of life within that community. We feel Rutland City is supportive of the best educational system we can offer and to that end we encourage and welcome the residents of Rutland to be participatory in developing strong educational programs for our students.

Board of School Commissioners

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school age child who is not currently being served, please contact the Pupil Personnel Office at 773-1917.

Department of Education

Charles P. Skiptunas, Superintendent

To the Citizens of Rutland City:

The past year has seen the rebirth of the "R" word. To the educational community this means rebuilding, re-organizing, and restructuring.

REBUILDING takes the form of buiding a new high school next to the Vocational-Technical Center. This allows the long awaited integration of a modern secondary program with a modern technical center. The national media and information systems are full of articles urging the educational commnity to better prepare students for the world of work. We cannot continue to have members of our student body leave school with a lesser education than many of their counterparts. Through the efforts of local business leaders, higher education, regional schools, Senator Jeffords, Vermont Technical Center, and the Rutland City Schools, we are forging a new design to deliver technical education to our students.

Upon completion of the new integrated high school, we will witness a RE-ORGANIZING of the remainder of the school district, elementary schools will receive a share of the REBUILDING along with the re-organizing. A *new* middle school will operate where the *old* high school and junior high school were located on Library Avenue.

And finally, the most important aspect of the project deals with RESTRUCTURING. To many

reader this may seem a very bewildering term, and it is. RESTRUCTURING deals with learning. If we do not change the way children *learn* in the 1990's we will have failed not only ourselves, but the generation of children currently in the schools, and the generations still yet to come.

We just plain cannot continue to do teaching and learning in the same way as it was done in the past. There is full realization that some will say, "If it was good enough then, why is it not good enough now?" Quite simply, times have changed and times will continue to change and doing teaching and learning the same old way just plain cheats "*our*" kids.

We also have reason to share the "good news." Through the efforts of our building level school improvement teams, we are pleased to report that for the 3rd consecutive year the number of children achieving mastery in the basic skills has shown measurable improvement. This represents a 15% improvement in three short years as we pursue our goal of Effective Schools.

You have every reason to be proud of your City schools. Your teachers and principals work hard to provide for your children. The total organization is committed to making our schools more and more EFFECTIVE each and every year.

Marble Valley Regional Transit District, "The Bus"

Lawrence A. Dreier, Administrator

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Marble Valley Regional Transit District, generally known as "The Bus" is approaching their 15th year of operation. MVRTD is the largest non-urban public transportation system in the State of Vermont. It provides transportation to the general public in Rutland County, as well as to several Social and Human Service agencies. MVRTD increases self-sufficiency for the elderly, infirmed, and handicapped and is vital for those who need transportation. MVRTD has become a valued asset to the communities it serves. System ridership has increased noticeably over last year's 125,000 rides (49,000 rides furnished to special needs people alone). Approximately 305,000 vehicle miles accumulated annually on the fleet of 23 general transit buses, most of which are lift equipped.

In the past year MVRTD has experienced enormous growth and development, including a computerized data base system and computerized vehicle maintenance. Capital replacement and expansion of the fleet has included the order of a new 33 passenger, handicapped accessible, air conditioned general transit bus and delivery of five handicapped accessible, air conditioned mini-buses.

Financing these major investments has been accomplished through the generation of grants obtained from the State and the Federal Government leaving community participation at less than 20% of actual cost. Through efficient management and a trained professional staff of 23 employees and over 60 volunteers, MVRTD has reduced costs to the taxpayer. "Free in city" (Rutland) rides have

been offered on the third day of each month, plus a "Dial-A-Ride" service.

In a recent review of all Vermont Public Transportation agencies conducted by Lloyd Robinson and Associates Inc., for the Vermont Agency of Transportation, the following finding was made of MVRTD: "You should note that your system is SUPERIOR in most respects when compared with other systems in Vermont AND around the COUNTRY."

Marble Valley Regional Transit District is actively working with the area regional planners, developers, and legislative members to coordinate transportation needs in Rutland County as well as throughout the state. MVRTD's coordination and involvement efforts on a State-wide level were realized this year when Governor Kunin signed Transportation Bill S.50 into law. MVRTD, working with the Vermont Public Transportation Association spent the last 2½ years ensuring that this bill become a law.

MVRTD's free transportation service to the Medicaid and Reach-Up eligible has increased from last year's 14,500 rides to over 18,000 this year, maintaining our status as the second largest Medicaid transportation provider in the State of Vermont.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly valuable. We appreciate the financial and moral support of the elected officials and taxpayers of our municipalities that guarantee Marble Valley Regional Transit District's continuance.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens:

In the last twelve months the library completed a \$1 million dollar construction project, moved books and services twice, operated in a temporary storefront location, added reference computers, was awarded a \$100,000 federal grant for construction, obtained a \$30,000 gift for a business collection, was awarded a state grant for children's services, received national attention for literacy efforts, received over \$2,000 in programming grants, increased town support by 25%, brought in two nationally known speakers and learned that this community's use of books was the highest in the state.

This list of achievements is particularly exciting because in every case the accomplishment represents the efforts of a solid partnership: with city officials, with hundreds of volunteers, with civic-minded business people, with Friends of the Library, with the town, with other non-profit agencies, with a community committed to making things happen.

Dominating the year's events was the construction project. Funded by a \$950,000 voter-approved bond and a \$100,000 federal grant, the city-owned building was expanded by 6,500 square feet, had a four-stop elevator installed, an energy-efficient heat plant and air circulation system put in, and wiring replaced. Asbestos was also removed from the basement. Alvin Figiel of Nimtz/Berryhill/Figiel was the architect, and Taggart Brothers served as the general contractor. The work, which received the full blessing of the state office for Historic Preservation, started September 19 and was substantially completed by mid April. The building re-opened May 21.

During this same period library services and 25% of the books were moved by volunteers and inmates with donated equipment to the Rutland Shopping Plaza, where the library stayed rent-free. The remainder of the books were stored free at the old Vesco building. Downtime for relocation in the fall and spring

was a total of 12 weeks. Despite cramped quarters and two massive moves, all library services but one continued and year-end circulation figures indicate that the number of books checked out month-for-month this year was 95% of last year's totals, which were the highest in the state.

State and national recognition came to the library through two other avenues. The children's department received the coveted Smith grant for establishing a playgroup and circulating collection of developmental toys; and the six books published through last year's literacy grant received national reviews and a spotlight at the first international literacy coalition conference.

As their contribution to the expanded library, town residents increased their annual support for 1990-91 by 25%. Significant gifts included \$500 from Mr. and Mrs. Robert Mitchell, \$1000 from the Windham Foundation, \$500 from Bunbury, \$500 from GE, \$5000 write-off on electric work from CVPS and \$1000 for a film projector from the Lion's Club.

The Friends of the Library raised \$9000 through an author luncheon with New York Times' Tom Wicker, a book sale and other events for the purchase of computers and peripherals which will enable a significant upgrade in reference services.

And most recently, Metromail Corporation announced a \$30,000 gift to the library over a five-year period for the development of a business collection which will be used for reference and circulating books, database services, business-related programs and booklists.

The library has been able to take advantage of many opportunities because of community involvement, a very hard-working staff and a board willing to take risks. With an improved building, an emerging partnership with local businesses and the Metromail funding for the support of those businesses it seems like a good beginning to the decade ahead.

Report of the Rutland Historical Society, Inc.

James S. Davidson, President

To the Citizens of the City of Rutland:

The renovation of the Nickwackett Fire Station as the new home of the Rutland Historical Society has begun with a complete repointing of the exterior brick. Passersby will note the visual as well as structural improvement.

Major renovations should be completed during the next fiscal year. The new first floor will be used for exhibits, public meetings and a reading area. The first floor is handicapped accessible. The upper floor will be used as the major storage area for the Society collections.

Work is planned for the exterior drainage and foundation walls to prevent water seepage into the building. The interior basement will be improved to prevent water and moisture intrusion and provide some non-critical storage.

Although the Society's collections have been in storage awaiting the completion of the new residence, the Society has still been active. The Quarterly has continued its quality publication. In June the Society published a book entitled

Early Rutland Families. This is a genealogical work of 464 pages. Copies are available from the Rutland Historical Society. Another book which is a history of Rutland's first 100 years is in preparation. It is anticipated that this work will be available in 1991. The Society, in cooperation with the Rutland Department of Parks and Recreation, has sponsored a continuing "Our Town" series which is a series of informal presentations and discussions of topics of Rutland's history. The Society also sponsored a unit in the Loyalty Day parade. Last, but not least, the Rutland Historical Society held it's Eighth Annual Singalong in the Center Street Alley in August.

The Society encourages the involvement of people of all ages who have an interest in the history of Rutland. Currently the Society is seeking new avenues through which it can share the knowledge of the history of Rutland. The interest and energies of the public are particularly welcome.

Regional Ambulance Service, Inc.

Amelia Taylor, President, Board of Directors

Aldo Manfredi, City of Rutland Representative

To the Honorable Citizens of the City of Rutland:

As we move from the eighties into the nineties we are pleased to report to the Citizens of the City of Rutland that your community ambulance service has continued to provide dependable, quality care. Regional Ambulance Service, Inc., has continually provided emergency and non-emergency ambulance service since 1983. During our seventh fiscal year, ending June 30, 1990, the service responded to a total of 3,946 calls.

With the continued support of the citizens, our employees, and the community governing bodies, we were again able to provide our sixth consecutive year of service using the same assessment rate without change. We extend our appreciation to everyone for their support.

The service commitment to providing dependable equipment was accomplished by continuing to replace one vehicle each year. This year we replaced a transport ambulance that had provided over 100,000 miles of service in three years. This purchase, along with the replacement of some small equipment each year, assures you our professional staff is well equipped to provide quality care.

Public education and awareness programs

were increased during the past year. CPR classes, tours, demonstrations, and a variety of public education classes were implemented to help educate the public of our service. Our professional staff continues to strengthen its commitment to our communities by performing these and other projects in addition to their normal caring duties. Our professional staff is also extremely capable and dedicated. The public is encouraged to visit and talk to the employees and administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your representative, Aldo Manfredi, if you have any question concerning the service.

This report and the training area of our facility has been dedicated in grateful memory to David R. Melen, President of the Board of Directors from 1984 to 1989. His leadership and dedication were recognized by all.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc., will continue striving to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Rutland Area Visiting Nurse Association

Evelyn Doyle, Executive Director

To the Honorable Mayor Wennberg, City Council and people of Rutland City:

Thank you for your continued support of the Rutland Area Visiting Nurse Association.

The Home Care services that were provided to City patients are as follows:

Unduplicated Patients	1021
Skilled Nursing	7523 visits
Physical Therapy	1103 visits
Speech Therapy	31 visits
Occupational Therapy	24 visits
Home Health Aide	8023 visits
Homemaker	3576 visits
Medical Social Worker	1 visit

Our goal continues to be, to provide quality Home Care services so people may remain in their own homes as long as possible. The Medicare Waiver Program was initiated on January 1, 1990, with the following statistics:

Unduplicated Patients	6
Skilled Nursing	39.5 hrs - 50 visits
Home Health Aide	238.5 hrs - 52 visits

Other services that the RAVNA provides are:

Prenatal Classes	57 couples attended
Clinic Services	587 unduplicated people served
Public Hypertension & Cholesterol Screenings	8101 screened
Preventive Health Services	Health Program for industry and business

Our Agency continues to make every effort to diversify and meet the changing health needs of our communities. Our thanks go out to all of the people of Rutland City that supported our funding request. This allows us to continue to help keep people out of institutions; giving the elderly, frail, and handicapped the opportunity to remain at home, giving them a choice of health care.

If you would like more information on RAVNA services, please call 775-0568. It is always a pleasure to serve you.

*Elizabeth and William Jenkins' monuments in West Street Cemetery.
(Picture credit: Michael Fannin)*

Cemetery Commissioners' Report

Dawn D. Hance, Chairperson

To the Honorable City Council and Citizens of the City of Rutland:

Finally, after five years, restoration of both West Street and North Main Street Cemeteries has been completed. Unfortunately, not all of the gravestones could be repaired. Most of these, which are in West Street Cemetery, are badly broken and parts are missing. Many of the inscriptions carved on the stones in West Street are illegible. Time and the elements have nearly erased the lettering on the soft marble monuments, most of which face western exposure. The stones in North Main Street Cemetery are in much better condition.

Marble restorer Michael Fannin and his assistant have repaired nearly four hundred monuments of Rutland's early citizens. One of these gravestones belongs to William Jenkins, a Revolutionary War soldier, who resided in the unpainted house which formerly stood on the site of Carpenter's Pharmacy at the corner of West and Nichols Streets. In 1817 West Street Cemetery was created out of several acres of his farm. He was interred there in 1822. At that time his gravestone was ordered from the Middlebury Marble Company at the cost of forty-five dollars. Because of its height and weight, his stone was difficult to repair. Only the top part was reset in the ground, making it considerably shorter than it was originally.

This summer vandals removed a section of fence near the southwest corner of West Street

Cemetery. They set fire to several flags that the Daughters of the American Revolution had placed on the veterans graves. They also broke or overturned about a dozen gravestones, some of which had recently been repaired. This necessitated mending the fence and stones, and posting no trespassing signs on the locked gate.

Lawn Care Plus, who submitted the lowest bid for mowing, kept the cemeteries well groomed this summer. The city also took down the last dead elm tree in West Street Cemetery.

Last year several people called to inquire about the upkeep of the old cemetery at the intersection of West Street and Green Hills Lane. This cemetery, the earliest Catholic burial ground in the city, was affiliated with St. Peter's Church. The old church, erected in 1855, now houses Romano Brothers Trucking on Meadow Street. This summer the church saw to it that the cemetery was mowed and a large dead tree removed from the premises—a great improvement!

When restoration began at the old village burying grounds it was not meant to coincide with the bicentennial year in 1991. However, it is hoped this project will be a lasting tribute to those who are interred there. No doubt many of them participated in celebrating Vermont's admission into the Union in March 1791.

Office on Aging, RSVP, and One-2-One

John G. Campbell, Office on Aging Executive Director

Anne Rowe, RSVP Director

Maria Fish, One-2-One Director

To the Citizens of Rutland:

Three agencies serving older people in Rutland City and surrounding areas received \$29,475 in City funds for services provided in 1990.

The **Office on Aging** (Southwestern Vermont Area Agency on Aging), which is located in the Bardwell House, is the regional provider of meals and senior advocate services provided by or arranged through the Office on Aging during the past year. A total of over 33,200 meals were delivered to homebound elders in the City by staff and volunteers. Another 13,650 meals were provided at three locations within the City: The Bardwell House, Sheldon Towers and the Senior Center on Deer Street.

Other services available through the Office on Aging, either directly or through contract, are a long-term care ombudsman who assists residents of nursing homes and community care homes, legal services through the Senior Citizens Law Project (Vt. Legal Aid), information and referral and volunteer assistance. There are also subsidized employment opportunities for people who are aged 55 or older and who have limited incomes. For more information call 775-0486.

Senior Advocates provided assistance to 410 City residents with benefits applications, problem resolution and linkages with a variety of services or opportunities for assistance in 1990. They meet with elders in their own homes, providing a personalized service which respects the elder client's wishes where possible.

The **Retired Senior Volunteer Program** — people helping people — volunteers sharing their life skills to support their community — is an important program that is continuing to grow in strength and services provided to non-profit organizations in Rutland County. The

variety of services we provide is almost unlimited, based on the imagination and skills of our volunteers and the needs in our community. RSVP volunteers serve as receptionists, tutors, library aides, office workers, hospital workers, musicians, nutrition workers at senior mealsites, guardians-ad-litum, day care workers, and friendly visitors. They provide computer expertise, telephone reassurance to frail elders, transportation to medical appointments, tax assistance to elders, work in the correctional center, police department, public schools and many more.

RSVP is the largest program of coordinated volunteer opportunities in the area. It is available to people 60 and older who want to help meet community needs through meaningful use of their skills and knowledge. Approximately 400 volunteers participated in the program last year, donating over 60,000 hours of service to the community. Almost two-thirds of these hours were donated to organizations located in Rutland City by approximately 200 volunteers. The RSVP program recognizes that senior volunteers are a tremendous resource to the community and the self-fulfillment gained through their volunteer work enriches the lives of those who participate. For more information call 775-8220.

The **One-2-One Program** operates with a group of dedicated volunteers to provide telephone reassurance, friendly visiting and essential transportation to Rutland County elders. During the past year over 7,000 telephone contacts, 500 visits and 2,500 trips were provided for Rutland City elders. The One-2-One program is part of Rutland Community Programs, Inc. To arrange for services please call mornings 775-8219.

Employees of City of Rutland, Vermont

Earnings Over \$300.00

From July 1, 1989 to June 30, 1990

If not stated separately, any applicable overtime is included in total earnings.

List of Unpaid Taxes as of 6/30/90

The list of unpaid taxes is as it appears on the records of the City of Rutland as of 6/30/90 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of record as of 4/1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to 4/1 and that taxes became due and delinquent and such listed

individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest & penalties.

Legend:

A—up for abatement

P—payments being made.

*—Paid after 6/30/90.
